

Hsu Wai Hnin Kyaw

Software Engineer | (208) 518-7634 | Seattle, WA | hsuwaihnikyaw@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

EDUCATION

University of Washington

B.S. Computer Science — Minor in Business Administration — GPA: 3.66/4.0

Graduation Date: June 2027

Seattle, WA

- **Relevant Coursework:** Data Structures & Algorithms, Software Engineering, Computer Security, Artificial Intelligence, Data Visualization, Databases, Computer Graphics

EXPERIENCE

Expedia Group

Cloud Engineer Intern

Jun 2026 – Aug 2026

Austin, TX

- Incoming Cloud Engineering Intern focused on building scalable cloud infrastructure and distributed systems.

Amazon

Software Development Engineer Intern

Jun 2025 – Sep 2025

Seattle, WA

- Reduced policy onboarding time by 70% for 10,000+ engineers by designing and launching a full-stack self-service onboarding system.
- Eliminated manual SIM ticket workflows by automating validation and approval pipelines, improving reliability and scalability.
- Built secure backend APIs using Java and AWS Lambda and developed a React frontend with real-time validation for end-to-end policy management.
- **Technologies used:** Java, AWS Lambda, API Gateway, SQS, DynamoDB, React

University of Washington

Student Office Assistant

Apr 2025 – Jun 2025

Seattle, WA

- Resolved 100+ weekly student inquiries on RSO logistics, funding, and event planning, improving response efficiency and accuracy.
- Managed records and coordinated access for 50+ student organizations, ensuring smooth operations and compliance.

Dorian Studio

OMR Data Processor

Aug 2023 – Jun 2024

Spokane, WA

- Processed 500+ daily OMR forms with 98% accuracy across high-volume operations.
- Improved workflow efficiency by 15% by introducing structured task tracking and quality control processes.

Metro by T-Mobile

Junior District Manager

Aug 2022 – Jun 2023

Spokane, WA

- Audited operations across 10+ retail locations, ensuring compliance with sales, inventory, and reporting standards.
- Reduced reporting errors by 25% by implementing digital tracking tools for inventory and compliance.

Click the Mall Snacks

Founder

May 2019 – Oct 2022

Yangon, Myanmar

- Scaled a consumer snack business to 20,000+ followers through targeted digital marketing strategies.
- Designed and maintained product pages using HTML/CSS, improving engagement and conversion rates.

PROJECTS

Purrfect Match – Mobile App | React Native, Firebase

Jan 2025 – Dec 2025

- Built a cross-platform mobile app enabling pet playdates and community posts by implementing Firebase Authentication and Firestore with real-time updates.
- Enabled location-based discovery by integrating Google Maps APIs and designing modular architecture to support future feature expansion.

Campus Map App | TypeScript, React, Express

Mar 2025 – Apr 2025

- Computed shortest paths across campus locations by implementing Dijkstra's algorithm on an Express backend.
- Visualized routes in a React frontend by consuming REST APIs and dynamically rendering path results.

AI Pathfinding – Pacman | Python, BFS, DFS, A*

Apr 2025 – Jun 2025

- Optimized maze navigation by implementing BFS, DFS, UCS, and A* search with admissible heuristics to reduce explored state space.

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript, TypeScript, SQL, HTML, CSS

Frameworks & Libraries: React.js, Express.js, Node.js, Flask

Data Visualization: Tableau, Power BI, Vega-Lite, D3.js

Cloud & Backend: AWS Lambda, API Gateway, Amazon SQS, Amazon CloudWatch, DynamoDB, REST APIs

Developer Tools: Git, JUnit, VS Code, Postman, Trello, LaTeX, Figma

Other Skills: Agile Methodology, Responsive Web Design, Test Automation

Languages Spoken: English (Fluent), Burmese (Fluent), Korean (Intermediate), Mandarin (Basic)
